Certificate of Graduation

The B.C. Certificate of Graduation or "Dogwood Diploma" is awarded to students who successfully complete the provincial graduation requirements.

Requirements

In order to graduate, students must pass specific courses. Overall, each student must acquire 80 credits from a combination of required courses, elective courses and the Graduation Transitions program.

Students should make sure to take the right courses by checking in with their school counselor or by reviewing the [Grad Planner](#) (PDF, 5.7 MB).

Required Courses (48 credits)

- Planning 10 (4 credits)

The BC Ministry of Education has a guide on their website which is great tool to help understand the necessary requirements in order to graduate and receive a Dogwood Diploma.

At a glance from this guide, here are the requirements to graduate.

1 What You Need to Graduate

At a Glance

Starting this year, you have a lot more choice about what you learn. But, in order to graduate with a Dogwood Diploma, every student in the Graduation Program has to pass certain basic courses, such as English, math and science.

For Grade 10 students entering the Graduation Program in 2017/18, the table below provides an overview of what you need to graduate:

- 52 credits from required courses
- 28 credits from electives

Preparing now will help ensure you get the credits you need to achieve your goals. Graduation requirements are introduced in Planning 10. For more help, talk to your teacher or school counsellor.

Special rules apply to Programme Francophone and French Immersion students pursuing both English and French Dogwood Diplomas ("Dual Dogwoods"). Speak to your counsellor for information.

- More information about required courses can be found on Page 5.
- More information about elective credits can be found on Page 7.

Self Reporting of Grades/Interim/ Official Transcripts

What is self-reporting?

“Self-reporting is the process of submitting your up-to-date grades electronically to UBC’s Undergraduate Admissions office so we can give you a timely admissions decision. If you are currently a Grade 12 student from BC or Yukon, you will be required to report your grades using our online self-reporting tool. You can access the self-reporting tool on the [Student Service Centre](#) (SSC) from **March 2 to April 7**. Self-reporting is **mandatory** and failure to self-report will result in an automatic cancellation of your application.”

Transcripts:

A new website called Student Transcript Service has been created for students to access and have their transcripts sent to Post Secondary schools of their choice. The following slides will provide a step by step guide in setting up an account and then choosing and giving the Ministry permission to send your transcript to the schools of your choice. The website address is:

www.StudentTranscripts.gov.bc.ca

Final transcript:

Final official transcript will be sent in August provided you have given permission to the Ministry of Education.

Transcripts (STS)

The Ministry of Education has just launched the StudentTranscripts Service (STS), a new online application for students to view their marks, scholarships and transcripts, and send transcripts to post-secondary institutions and third parties.

Ministry of Education is opening the ability to send transcripts to post-secondary institutions (PSIs) to all current grades 10, 11, 12, and adult students. These current students may access up to 25 complimentary – please note these 25 complimentary selections are not ongoing after graduation. Past graduates may access additional copies of their transcripts via this service for a fee of \$10 per copy.

To access the service, students will go to the Ministry of Education's transcripts and certificates website at www.StudentTranscripts.gov.bc.ca. Please note that all students must register for a BC Government account (a BCeID). After registering for a BCeID, students follow the system prompts and register for STS. Finally, they log in to the StudentTranscripts Service using the BCeID. From a student's STS Dashboard, they are able to make post-secondary institution selections, view their transcript and assessment results, and send transcripts immediately to post-secondary institutions and other third parties.

Students who have not been reported to TRAX previously (mainly new Grade 10 students) will not be able to register for STS until their school uploads their TRAX submission this fall. The 'transcript send' service is intended for grade 12 students; please discourage grade 10-11 students from making PSI selections unless they are applying for post-secondary studies in 2018.

StudentTranscripts replaces the PSI Selections function previously available on the Student Secure Web. Using StudentTranscripts, current students will be able to select if they want to send a transcript now, in the spring (interim), and/or when final marks are complete.

A PowerPoint presentation containing additional information for counsellors supporting students in accessing the StudentTranscripts service is available: https://www.bced.gov.bc.ca/exams/trx_updates/

Youth Work in Trades Awards

- The Youth Work in Trades provides skill development through practical, hands-on work experience.
- Students enrolled in these courses go to work and attend high school at the same time. That means they have found an employer who is willing to take them on (and pay them) as an apprentice – at least until their high school graduation. School counsellors may be able to offer help with this step.
- Students that are 15 or older can enroll in this program – they must also formally register with the Industry Training Authority as Youth Apprentices. Successful completion of the program earns students 16 credits towards graduation. Some may also qualify for the YWT award– a \$1000 award given to students for sustained and exceptional work as an apprentice.
- If you are a high school student already working as an apprentice, speak to your high school counsellor today about signing up for this program.
- **\$1000 Scholarship Criteria**
- To be eligible an Industry Training Authority (ITA)-registered youth apprentice must have:
- Been registered in a school district Youth Work in Trades Program prior to graduation
- Graduated with a Grade 12 Dogwood Diploma or Adult Dogwood
- Successfully completed WRK1A, WRK1B, WRK2A and WRK2B.
- Maintained a C+ average or better on Grade 12 numbered courses
- Reported a total of at least 900 hours to the ITA within six months of graduation
